

Project 2, Status Report 1

Name/netid: Ming Cheng(mc2637)

Tasks to be completed by the next status report:

Sketch out storyboard for interesting dataset ideas (Movie data)

Find out related D3JS library that may be helpful to use when we coding

Name/netid: Nupur Kale(nak85)

Tasks to be completed by the next status report:

Come up with 2 sketches for Space Mission dataset.

Check D3 resources for animation.

Name/netid: Suganya Sankaran(ss3629)

Tasks to be completed by the next status report:

Finish sketches for Hillary Email data set

Ideas for the datasets:

1. Movie Data: movie selection or recommendation for people to decide what is best to watch
2. Movie Data: how to make a successful movie if you are a director
3. Space Missions: look at the journey of successful vs unsuccessful space rocket launches
4. Fake news: relationship between replies, likes, comments and shares of fake news articles
5. Fake news: exploring article titles, images uploaded and sentiment type in fake news articles
6. Hillary E-mail Data: Hillary e-mail relationship among different agencies and people
